SMOKE ALARMS

- ☐ There are working smoke alarms on each level of the home and inside and outside all sleeping areas.
- ☐ Smoke alarms are tested monthly.
- ☐ Smoke alarm batteries are changed twice a year (exception: 10-year battery sealed smoke alarms which are recommended).
- ☐ Smoke alarms are replaced every 10 years.

Meeting Place:

_____

SAFETY PLAN

- ☐ Close before you doze. All bedroom doors are closed before going to sleep at night.
- ☐ All exits are clear of furniture, toys, and clutter.
- ☐ There is a home fire escape plan in place and everyone in the household knows:
  - Two ways to escape from each room.
  - To crawl low under smoke.
  - To get out and stay out and never go back inside for people, pets, or things.
- ☐ Where the meeting place outside of the home is in case of a fire or other emergency.
- ☐ Home fire escape plan is practiced at least once a year.
